

GERMANS WITHDRAW FORCE FROM BALTIK

Appeal Is Successful Says Report
Coming From Copenhagen—Several Orders Are Required.

FOCH TAKES A FIRM STAND

in clear and Forceful Terms.

COPENHAGEN, Oct. 8.—The German government's appeal to General von Foch's forces to withdraw from the Baltic provinces has proved unsuccessful according to a German note received here today. The return of some of the troops from the front is to-day, it is believed, still in progress, but the main bulk of the troops have been moved back under Foch's orders.

Secretary Lamm, who said that he proposed more than he accomplished in his recent speech, has proposed that a bill now being drafted by the government for the withdrawal of the troops from the Baltic provinces be introduced in Parliament.

Now, while the government movement seems to be progressing, the note from the Germans says:

"An adjustment is the only way we can get along so well in favor of both sides." Major G. H. Crowell, chairman of the Farmers' Association of Oklahoma, says:

A sensible news agency says:

The proposal was voted upon at a meeting of the Farmers' Association of Oklahoma at Tulsa yesterday.

Secretary Lamm, who has been

working hard to keep the peace of the country, has been successful in his efforts.

The note to Foch reads:

"We will do our best to make

the work of changing the status of

the country."

TULSA, Okla., Oct. 8.—The oil men of the state, who are engaged in their struggle to hold down the price of oil, are continuing to exert pressure on the Farmers' Association to support their stand.

All these new propositions were made by the Farmers' Association, which has impressed the minds of stockholders.

A sharp reversal in interest in stocks and bonds was evident.
